

# Broadway Junior School

## **Sports Premium Funding 2015-2016 Allocation £9,220**

### **Purpose of funding**

Schools must spend the additional funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this.

Possible uses for the funding might include:

- hiring specialist PE teachers or qualified coaches to work with primary teachers when teaching PE
- supporting and engaging the least active children through new or additional Change4Life clubs
- paying for professional development opportunities for teachers in PE and sport
- Providing cover to release primary teachers for professional development in PE and sport
- running sports competitions, or increasing pupils' participation in the School Games
- buying quality assured professional development modules or materials for PE and sport
- providing places for pupils on after school sports clubs and holiday clubs
- pooling the additional funding with that of other local schools

### **Accountability**

From September 2013, schools will be held to account over how they spend their additional, ring-fenced funding. OFSTED will strengthen the coverage of PE and sport within the 'Inspectors handbook' and supporting guidance so that both schools and inspectors know how sport and PE will be assessed in future as part of the school's overall provision. One year on, OFSTED will carry out a survey reporting on the first year's expenditure of additional funding and its impact.

Schools will also be required to include details of their provision of PE and sport on their website, alongside details of their broader curriculum, so that parents can compare sports provision between schools, both within and beyond the school day

**How to measure IMPACT of Sports Funding:**

- Meet attainment and progress targets in Reading, Writing and Maths at end of KS1 and KS2
- Meet good levels of development target for end of EYFS
- Attendance at after school clubs high
- Participation in PE lessons improved – 100% participate each week in PE for all year groups
- Pupils enjoyment of PE and sports activities and events high (measured through pupil questionnaire)
- Parent's attendance at sports events hosted throughout the school year
- Parents participation in sports events hosted throughout the school year

## **Sports Premium Funding**

**2015 – 2016**

**£9,220**

At Broadway, we firmly believe that there is a significant link between pupil health and well-being and attainment and are proactive in our approach to promoting health choices, lifestyles and activity to support all children in their understanding of how they can lead healthy lives both now and in the future.

Inactivity as a result of the virtual world is a major concern and the subsequent consequences of the increase in childhood obesity.

Via a programme of access to a wide range of sporting activities and opportunities for all children, we aim to acknowledge and address these issues and support each pupil with the knowledge and understanding required of how they can keep themselves emotionally and physically healthy for life (Public Health England – National Child Measurement Programme 2016)

Summary of School Results:

Proportion of Year 6 children measured who were classed as obese:-

School	24.3%	(5.2% above National Average)
Sunderland	22.4%	
National	19.1%
